The Tokenization 50

by the Austrian Blockchain Center* and Black Manta Capital Partners®

The Tokenization 50 of 2021 provides a comprehensive overview of the leading players in the global Security Token ecosystem.

To better understand the status-quo, the Austrian Blockchain Center and Black Manta Capital Partners teamed up to conduct an in-depth analysis of the global Security Token market and its main players. Parts of the analysis are now published in visual form. Based on a comprehensive market screening, supported by quantitative research and surveys among international market leaders, it sheds light on the rapidly growing Security Token market. Out of 250+ companies active in this burgeoning sector, the list identifies the Top 50 players.
